Reference: CLEAN Contract No. N62467-94-D-0888
Contract Task Order No. 059

Subject: Professional Certification for the Groundwater Monitoring Well Report, Building 189,
Naval Air Station Key West, Florida

Dear Mr. Glover:

TtNUS is pleased to provide you with the enclosed Professional Certification for the Groundwater Monitoring Well Report for Building 189 Pipeline Site, Naval Air Station Key West, Florida. This certification was requested by Florida's Department of Environmental Protection (FDEP) in an email dated 27 July 2001. Because the report's recommendation for no further action was accepted by FDEP for the subject site, TtNUS plans to abandon the remaining 3 wells and then close out contract task order (CTO) 059.

Please call me at (803) 649-7963, extension 345, if you have any questions regarding the enclosed certification or CTO 059.

Sincerely,

C. M. Bryan
Project Manager
